

Important notice to patrons of Grant Narrows Regional Park

Effective January 1, 2011, management and operation of Grant Narrows in Pitt Meadows along with the recreational services it provides will revert to the Province.

The Province of BC and Metro Vancouver have been unable to reach agreement regarding an acceptable lease arrangement that would provide the security of tenure necessary to enable Metro Vancouver to appropriately manage and invest in the site and obtain contract services as well as address provincial interests and the interests of the Katzie First Nation.

As a result, Grant Narrows will no longer form part of the regional parks system. Key services at Grant Narrows that will be assumed by the Province as of January 1 include:

- Boat launch
- Secured overnight parking
- Garbage collection
- Toilet facilities

Inquiries concerning access to Grant Narrows and the status of services can be directed to:

Aaron Miller, Parks and Protected Areas Section Head,
